Course Layout (Duration – 50 days)

Days 1-6

The first six days of the course material gives an introduction to the basic grammar lessons along with self-introduction and simple conversational structures.

Days 7-17

This section discusses topics such as parts of speech and types of sentences in detail. This lays a foundation for the upcoming sessions.

Days 18-25

This unit of the course focuses on sentence creation. Students will learn to make small sentences necessary for basic communication. Speaking practice starts on the 19th day of the course. Students will be added to an additional group called 'Speaking Studio'.

Days 26-30

In this part, students are presented with grammar lessons such as tenses and articles which aims at improving sentence structure. Students will be able to frame meaningful sentences in the correct format.

Days 31-40

Once the students are equipped with basic grammar, the course material moves to little advanced level in which more usages and language techniques are taught.

Days 41-50

The final part includes topics where students can apply what they learnt so far and evaluate themselves.

At the end of the course, students will be well versed in grammar with upgraded speaking skills. They will be able to handle grammar without error and start speaking confidently.
